<b>Projects</b>	<b>Yot Ecommerce</b>	<b>15/01/2025 - 31/10/2025</b>
	Stack: Magic DB, Next.js, Laravel, PostgreSQL, Meilisearch	
	🔗 <a href="https://fuse.systems">https://fuse.systems</a>	
	Improved search, workflows, and notifications using <b>Meilisearch</b> , <b>Ragic DB</b> , and <b>Twilio</b> and product management features with secure <b>OAuth2 authentication</b> .	

Created background jobs that fetch data from third-party suppliers and automatically update product information.

Implemented queries in PostgreSQL (psql) to retrieve and display all screen listing data.

<b>Remodely</b>	<b>16/10/2024 - 31/12/2025</b>
Stack: React.js, Node.js, MySQL	
🔗 <a href="https://remodely.com">https://remodely.com</a>	

Built service booking & dashboard modules, and created **flow to design bathroom and interiors**.

<b>Service Points</b>	<b>01/10/2023 - 15/10/2024</b>
Stack: Laravel, Node.js, MongoDB, MySQL, CKEditor, Shopify, Fastapi	
🔗 <a href="https://app.servicepoints.nl">https://app.servicepoints.nl</a>	
Built and integrated chatbot functionalities, including custom conversational flows using prompt engineering.	
Developed and enhanced real-time chat features using WebSockets and CKEditor in Node.js.	
Resolved multiple front-end design and UI issues to enhance visual consistency and usability.	
Developed performance charts showing 7-day page load trends by retrieving response time using automated cURL-based requests.
